# SIX3 TILE®

PRODUCT CATALOG

WHY SIX3TILE?

From stylish backsplashes to spa-worthy showers, Six3Tile is crafted from a high-performance polymer, similar to the durable PVC used in today's most trusted building materials. Six3Tile panels are built to outperform traditional tile. They won't chip, crack, or yellow over time, and they install in a fraction of the time. Our pre-cut tile panels are easy to handle, adhere with construction adhesive, and finish with grout for a fast, clean, professional look that looks like real tile.
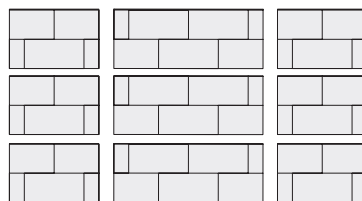

THOUGHTFULLY DESIGNED APPLICATIONS

BACKSPLASH

Six3Tile backsplash panels are engineered to align with real-world kitchen standards for a seamless, frustration-free install. Each panel measures ~19" high x 47" wide, giving you 1" of trim allowance above the typical 18" space between countertops and upper cabinets. This built-in flexibility ensures a clean, custom fit without complicated adjustments.
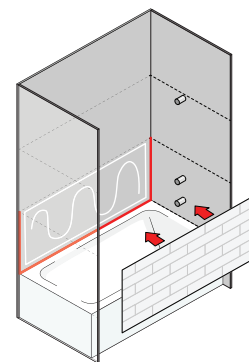

SHOWER + TUB SURROUNDS

For bathroom projects, Six3Tile shower and tub surrounds are designed around the most common alcove sizes. Panels are available in ~36", 48", 60", and 72" widths with a 24" height, making them easy to plan and stack. Every panel features tongue-and-groove edges that lock together to create a tight, secure, and watertight installation—perfect for fast upgrades or full renovations.

ORDERING + SHIPPING

All orders should be emailed to orders@six3tile.com. Communication confirming order submittal will be sent upon receipt of order.

Visit the Resources page on **six3tile.com** for general information regarding products, how much to order, installation techniques, FAQs and more. All other questions can be directed to **info@six3tile.com.**

Standard Stock Item Returns

Returns of standard-stock Six3Tile products may be accepted with a restocking fee. All items must be returned in sellable condition, free of damage, and in original packaging. Verification of product condition is required before any return is approved or initiated. Return authorization must be obtained prior to shipping.

Inventory Buy-Back Program

Our Inventory Buy-Back Program provides credit protection for qualifying stocking partners. Eligible products include current, active Standard Offering SKUs in factory-sealed, unopened, undamaged packaging. All returns require an RMA and are subject to inspection. Approved inventory receives credit based on time since purchase, with no restocking fees. Freight must be prepaid and insured.

⚠ Our kits should always be stored indoors, out of the elements, and flat. **We do not supply adhesives, grout, edging or accessories.**
